FOOTBALL ACADEMY

The Doylo Academy

Our Objective will be about inspiring people to be the best they can be, enabling opportunity and creating an environment for success.

We will deliver a coaching program, implementing our philosophy and practices with a focus on our values:

Ambition

Commitment

Sportsmanship

Unity

We will teach players how to advance both on and off the pitch, through development of key life skills such as communication, team work, problem solving and goal setting;

We focus on all aspects of the game delivering coaching sessions that work on the technical, physical, psychological and social aspects of football

We will strive to deliver sessions in a manner that inspires and excites players.

Our Senior Grade coaches David Richardson & Kaine Harmsworth will be operating the academy.

Football is the greatest game in the world so above all we want all the players to be having fun, enjoying their football and being part of the Doyalson Soccer Club family.
